

Christmas at roxie

Over the years we have tried many different menus for Christmas, but realised that you all know why you love Roxie so much: It's for our beautiful steaks. So we've created menus that offer the best of what we do, with not a turkey leg or brussel sprout in sight!

We'll be as flexible as always with anyone in your party who doesn't love beef, as we want to ensure everyone has a great time. So if someone wants ribs instead of rump, or a fully vegetarian menu, all you have to do is ask, and we will create something equally as special for them.
